

Trax

Innovative extrusion profile solutions matched with variety of light source to deliver unique lighting solutions in a space which includes cove lighting, furniture lighting, floor wash and even handrails

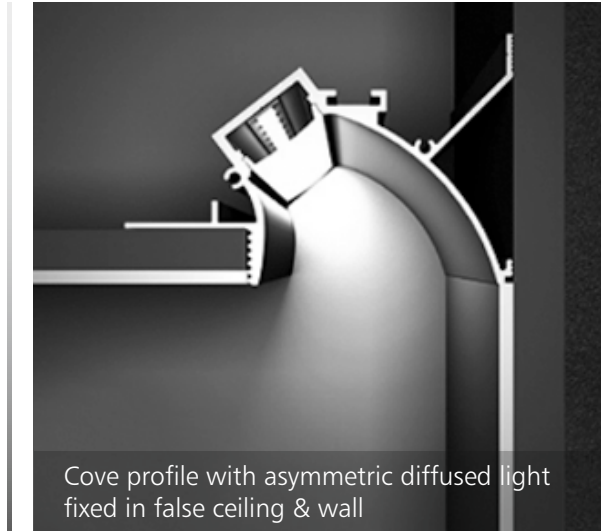

Project - Hotel ITC Narmada
Ahmedabad, India

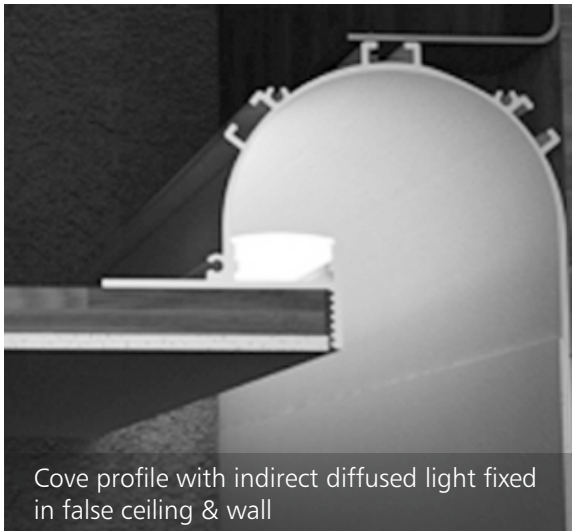

Trax - Features

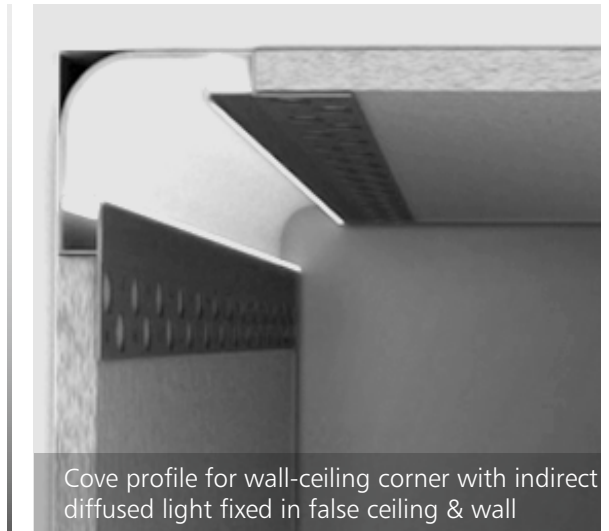

Cove profile with asymmetric diffused light fixed in false ceiling & wall

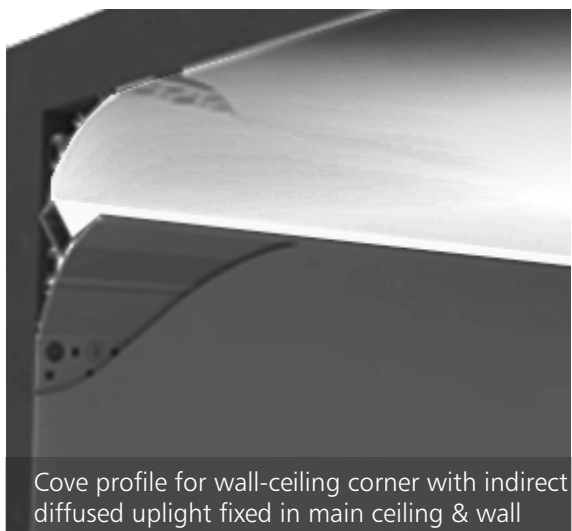

Cove profile with asymmetric diffused light fixed in false ceiling & wall

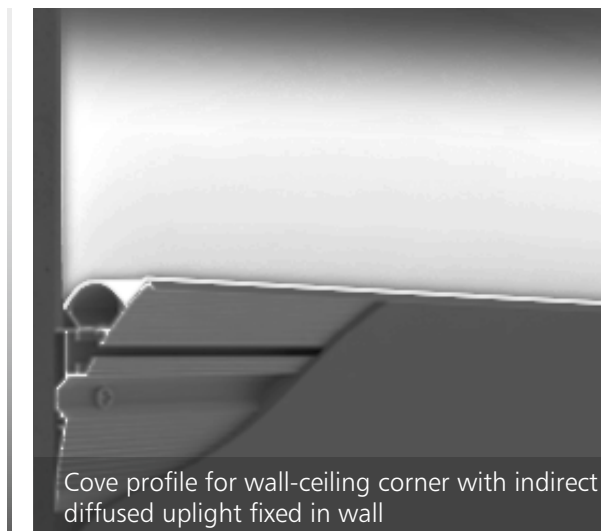

Cove profile with indirect diffused light fixed in false ceiling & wall

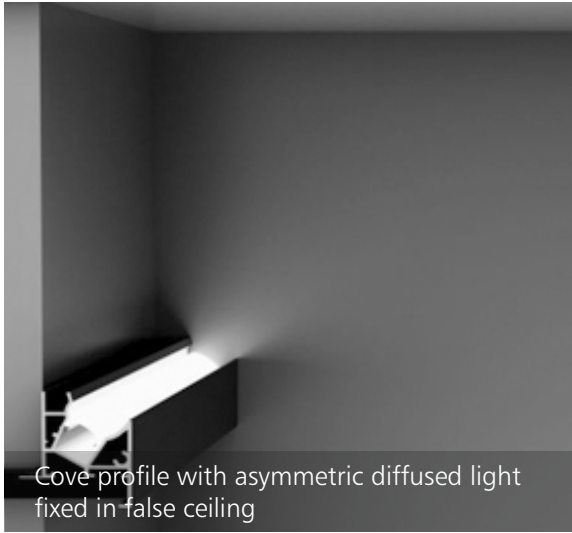

Cove profile for wall-ceiling corner with indirect diffused light fixed in false ceiling & wall

Cove profile for wall-ceiling corner with indirect diffused upright fixed in main ceiling & wall

Cove profile for wall-ceiling corner with indirect diffused upright fixed in wall

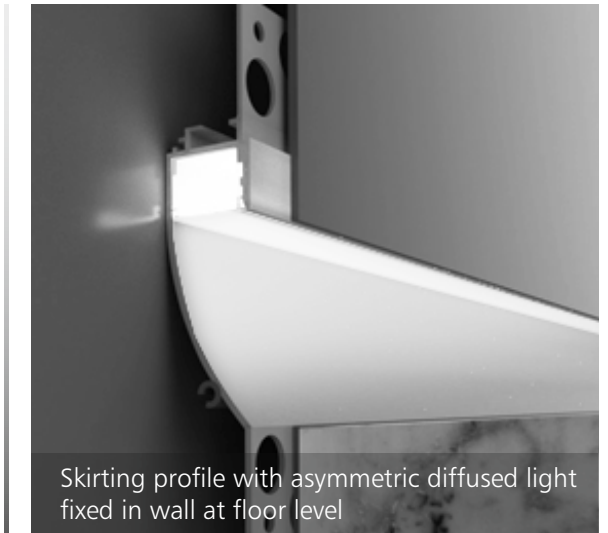

Cove profile with asymmetric diffused light fixed in false ceiling

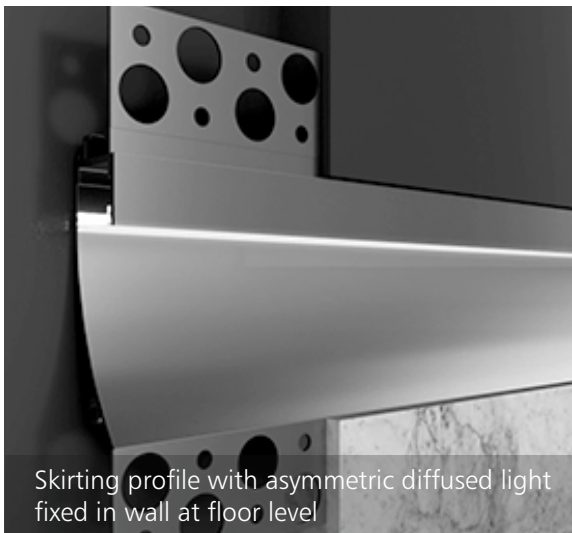

Cove profile with indirect diffused light fixed in false ceiling

Skirting profile with indirect diffused light fixed in wall at floor level

Skirting profile with asymmetric diffused light fixed in wall at floor level

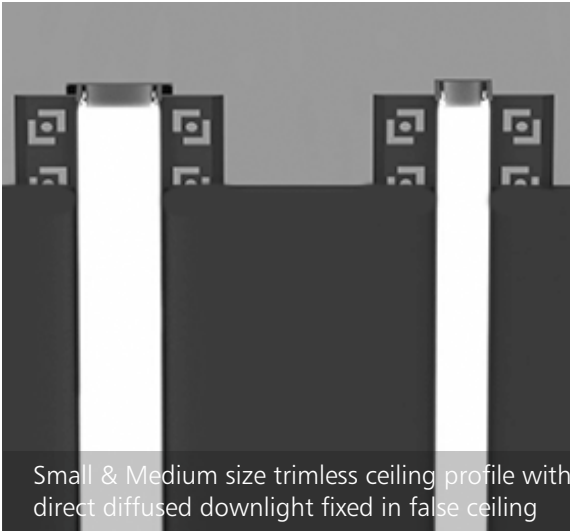

Skirting profile with asymmetric diffused light fixed in wall at floor level

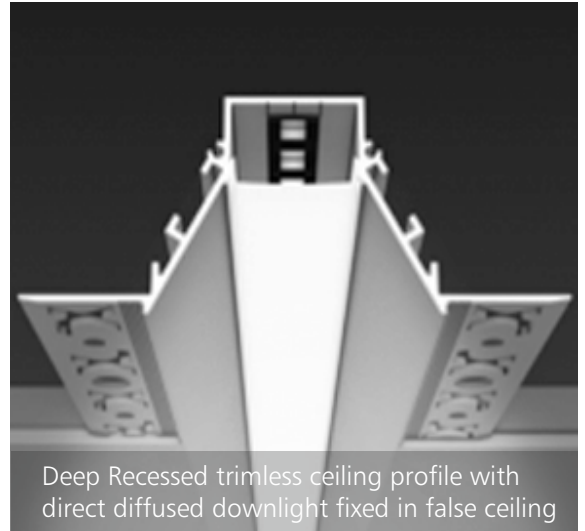

Skirting profile with indirect diffused light fixed in wall at floor level

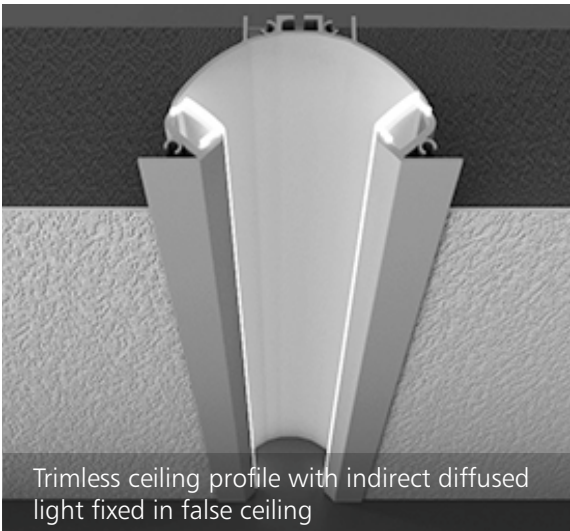

Trax - Features

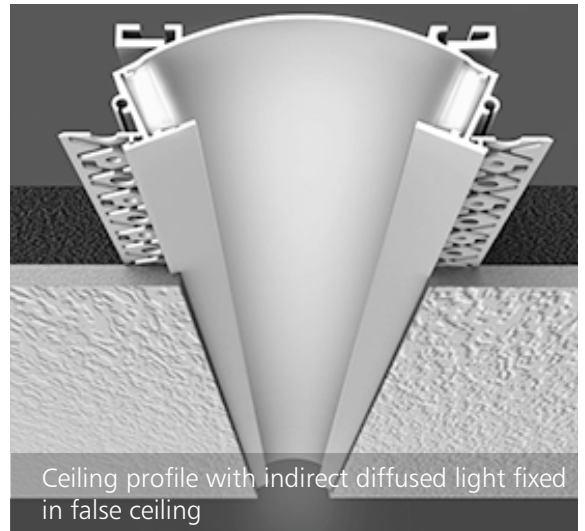

Small & Medium size trimless ceiling profile with direct diffused downlight fixed in false ceiling

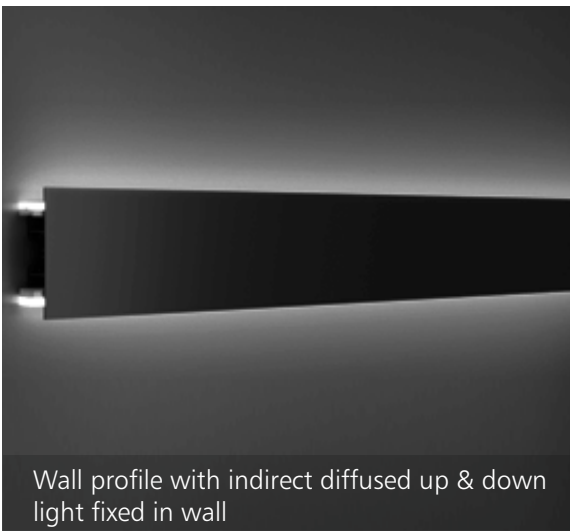

Deep Recessed trimless ceiling profile with direct diffused downlight fixed in false ceiling

Trimless ceiling profile with indirect diffused light fixed in false ceiling

Ceiling profile with indirect diffused light fixed in false ceiling

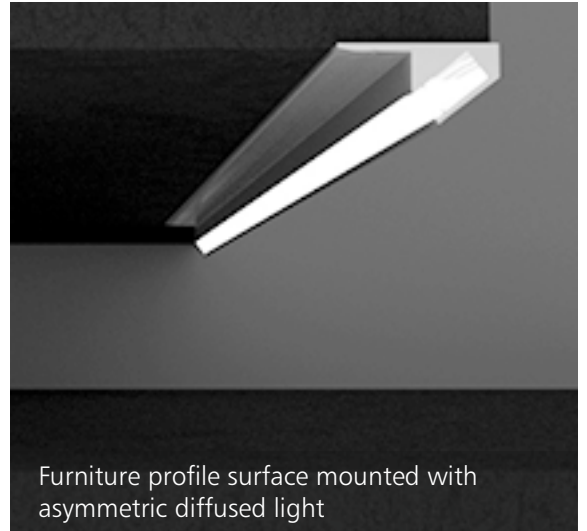

Wall profile with indirect diffused up & down light fixed in wall

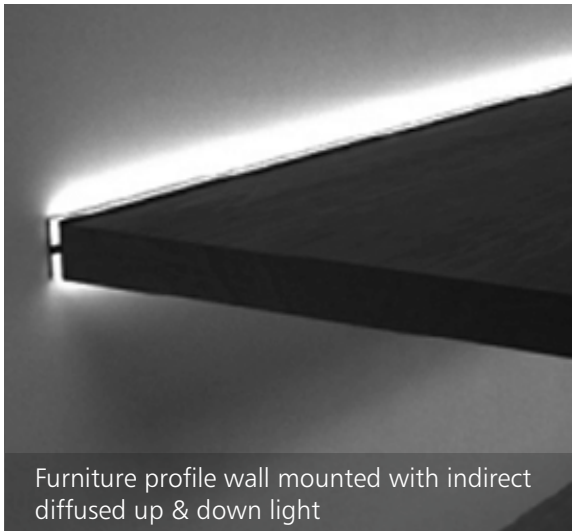

Wall profile with indirect diffused uplight fixed in wall

Furniture profile recessed with asymmetric diffused light

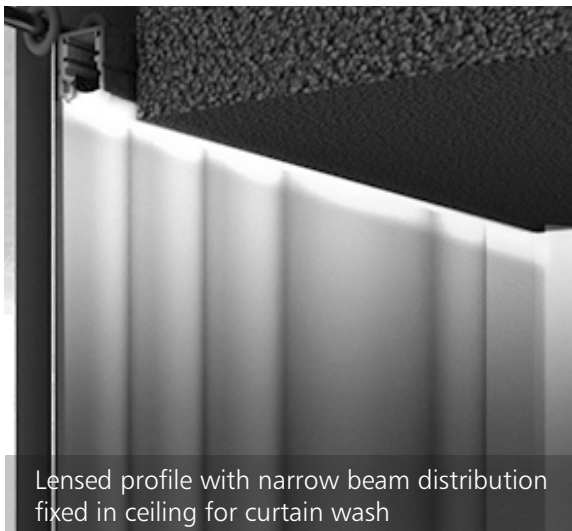

Furniture profile surface mounted with asymmetric diffused light

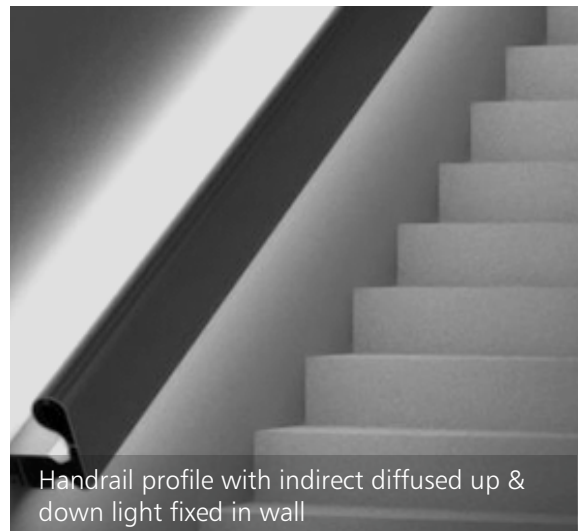

Furniture profile wall mounted with indirect diffused up & down light

Furniture profile wardrobe mounted with indirect diffused light

Lensed profile with narrow beam distribution fixed in ceiling for curtain wash

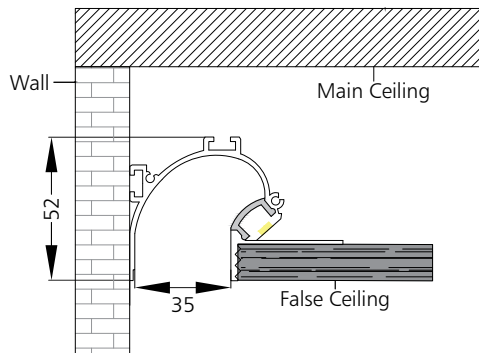

Handrail profile with indirect diffused up & down light fixed in wall

Trax

LED	Typ CRI	Body Finish	Max Length	IP Rating	Filter Options
